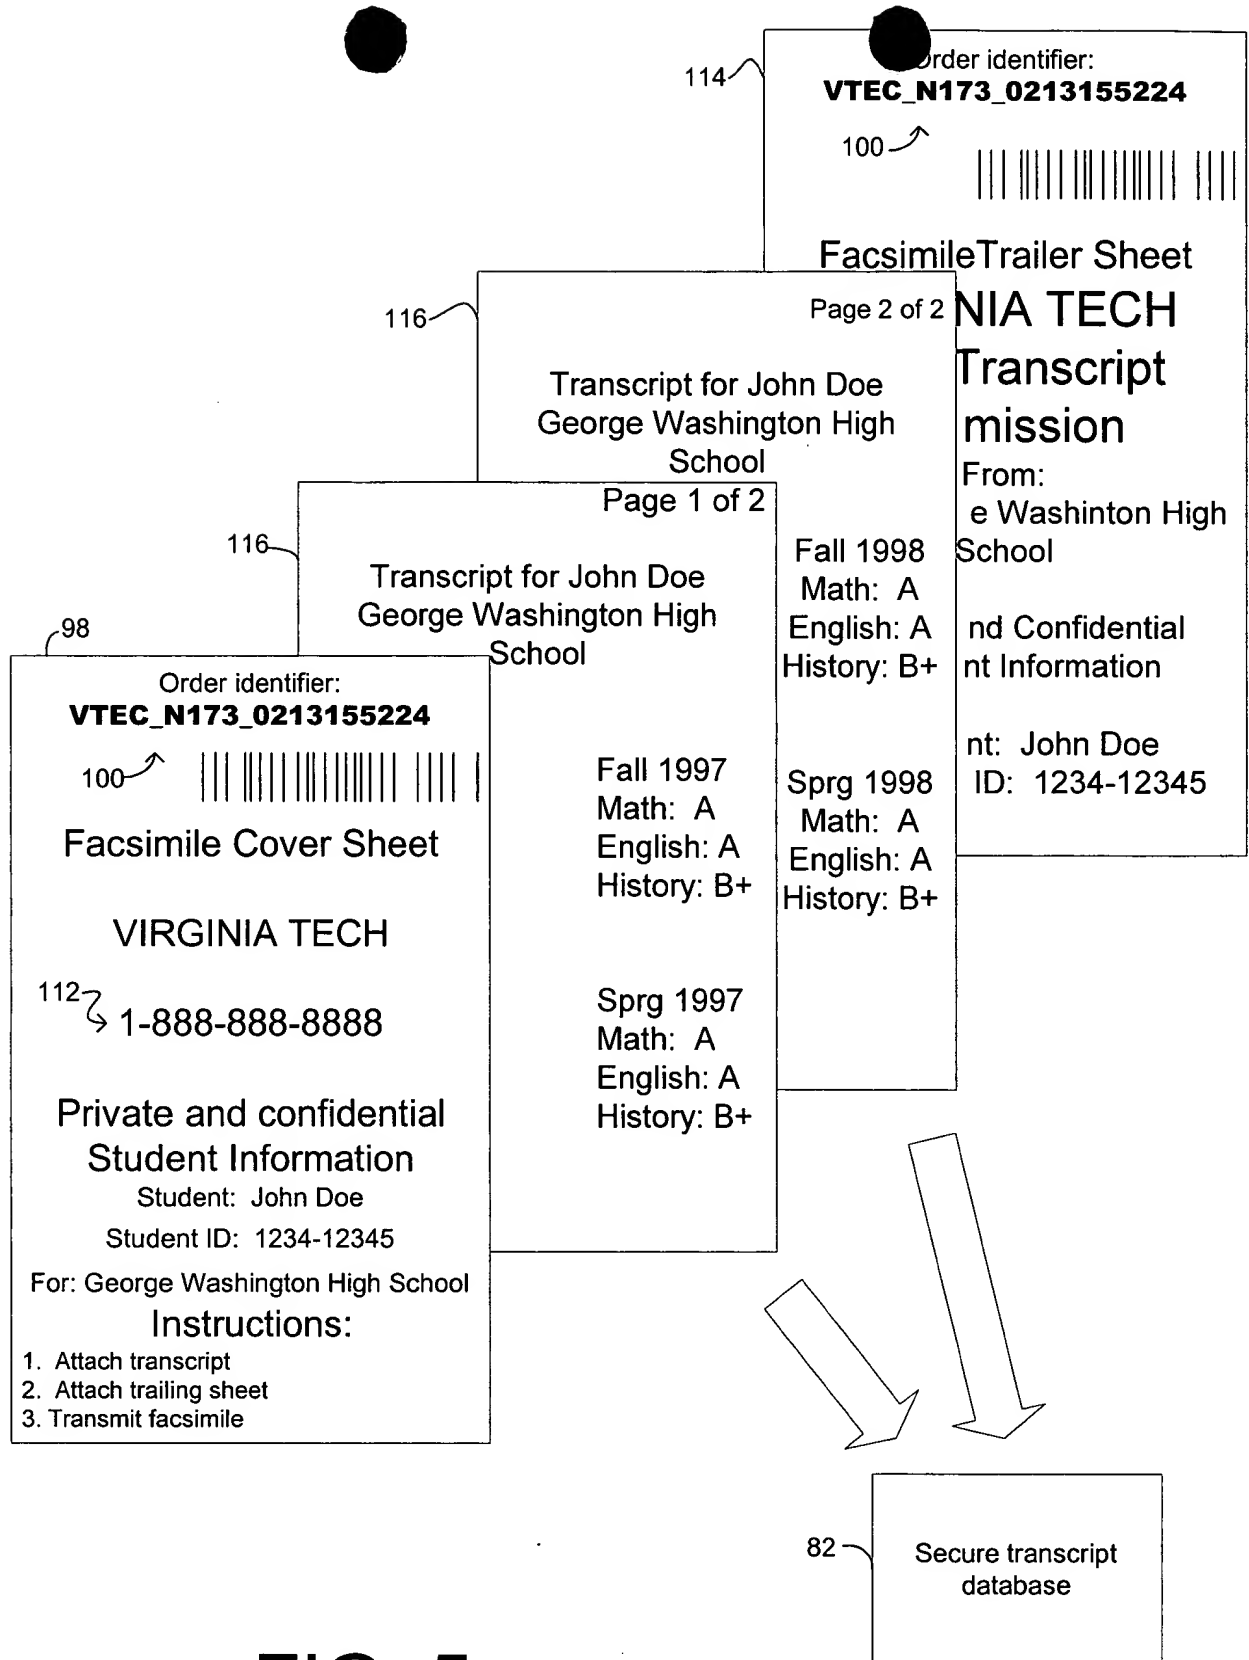

FIG. 5

The diagram illustrates a network architecture. At the top, there are four rectangular blocks labeled 12a, 12b, 12c, and 12d, representing base stations or access points. Below these, there are four more rectangular blocks labeled 16a, 16b, 16c, and 16d, representing user equipment or mobile devices. To the right of these blocks is a larger rectangular block labeled 18, representing a central server or network controller. Arrows indicate the following connections:

- From 16a to 12a
- From 16b to 12b
- From 16c to 12c
- From 16d to 12d
- From 18 to 12a
- From 18 to 12b
- From 18 to 12c
- From 18 to 12d
